It Ends with Us Colleen Hoover,2020-07-28 In this “brave and heartbreaking novel that digs its claws into you and doesn’t let go, long after you’ve finished it” (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of *All Your Perfects*, a workaholic with a too-good-to-be-true romance can’t stop thinking about her first love. Lily hasn’t always had it easy, but that’s never stopped her from working hard for the life she wants. She’s come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily’s life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He’s also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn’t hurt. Lily can’t get him out of her head. But Ryle’s complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his “no dating” rule, she can’t help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is “a glorious and touching read, a forever keeper. The kind of book that gets handed down” (USA TODAY).

Twelve Hours' Sleep by Twelve Weeks Old Suzy Giordano,Lisa Abidin,2006-01-19 There is no bigger issue for healthy infants than sleeping through the night. In this simple, straightforward book, Suzy Giordano presents her amazingly effective Limited- Crying Solution that will get any baby to sleep for twelve hours at night—and three hours in the day—by the age of twelve weeks old. Giordano is the mother of five children and one of the most sought-after baby sleep specialists in the country. The Washington Post calls her a baby sleep guru and an underground legend in the Washington area for her ability to teach newborns how to achieve that parenting nirvana: sleeping through the night. Her sleep plan has been tested with singletons, twins, triplets, babies with special needs, and colicky babies—and it has never failed. Whether you are pregnant, first-time parents, or parents who seek a different path with your second or third child, anyone can benefit from the Baby Coach's popular system of regular feeding times, twelve hours of sleep at night and three hours of sleep during the day, and the peace of mind that comes with taking the parent and child out of a sleep- deprived world.

The International status of education about the Holocaust Carrier, Peter,Fuchs, Eckhardt,Messinger, Torben,Georg Eckert Institute for International Textbook Research (Germany),2015-01-14 How do schools worldwide treat the Holocaust as a subject? In which countries does the Holocaust form part of classroom teaching? Are representations of the Holocaust always accurate, balanced and unprejudiced in curricula and textbooks? This study, carried out by UNESCO and the Georg Eckert Institute for International Textbook Research, compares for the first time representations of the Holocaust in school textbooks and national curricula. Drawing on data which includes countries in which there exists no or little information about representations of the Holocaust, the study shows where the Holocaust is established in official guidelines, and contains a close textbook study, focusing on the comprehensiveness and accuracy of representations and historical narratives. The book highlights evolving practices worldwide and thus provides education stakeholders with comprehensive documentation about current trends in curricula directives and textbook representations of the Holocaust. It further formulates recommendations that will help policy-makers provide the educational means by which pupils may develop Holocaust literacy.

The Making of Medieval Sardinia, 2021-08-16 This landmark volume combines classic and revisionist essays to explore the historiography of Sardinia's exceptional transition from an island of the Byzantine empire to the rise of its own autonomous rulers, the iudikes, by the 1000s. In addition to Sardinia's contacts with the Byzantines, Muslim North Africa and Spain, Lombard Italy, Genoa, Pisa, and the papacy, recent and older evidence is analysed through Latin, Greek and Arabic sources, vernacular charters and cartularies, the testimony of coinage, seals, onomastics and epigraphy as well as the Sardinia's early medieval churches, arts, architecture and archaeology. The result is an important new critique of state formation at the margins of Byzantium, Islam, and the Latin West with the creation of lasting cultural, political and linguistic frontiers in the western Mediterranean. Contributors are Hervin Fernández-Aceves, Luciano Gallinari, Rossana Martorelli, Attilio Mastino, Alex Metcalfe, Marco Muresu, Michele Orrù, Andrea Pala, Giulio Paulis, Giovanni Strinna, Alberto Viridis, Maurizio Viridis, and Corrado Zedda.

International Perspectives on Spinal Cord Injury World Health Organization, International Spinal Cord Society, 2013 Every year between 250 000 and 500 000 people suffer a spinal cord injury, with road traffic crashes, falls and violence as the three leading causes. People with spinal cord injury are two to five times more likely to die prematurely. They also have lower rates of school enrollment and economic participation than people without such injuries. Spinal cord injury has costly consequences for the individual and society, but it is preventable, survivable and need not preclude good health and social inclusion. Ensuring an adequate medical and rehabilitation response, followed by supportive services and accessible environments, can help minimize the disruption to people with spinal cord injury and their families. The aims of International perspectives on spinal cord injury are to: ---assemble and summarize information on spinal cord injury, in particular the epidemiology, services, interventions and policies that are relevant, together with the lived experience of people with spinal

cord injury; ---make recommendations for actions based on this evidence that are consistent with the aspirations for people with disabilities as expressed in the Convention on the Rights of Persons with Disabilities.

Time Within Time Andrei Tarkovsky, 2019-02-08 Tarkovsky for me is the greatest, wrote Ingmar Bergman. Andrey Tarkovsky only made seven films, but all are celebrated for its striking visual images, quietly patient dramatic structures, and visionary symbolism. Time within Time is both a diary and a notebook, maintained by Tarkovsky from 1970 until his death. Intense and intimate, it offers reflections on Dostoyevsky, Tolstoy, Hermann Hesse, Thomas Mann, and others. He writes movingly of his family, especially his father, Arseniy Tarkovsky, whose poems appear in his films. He records haunting dreams in detail and speaks of the state of society and the future of art, noting significant world events and purely personal dramas along with fascinating accounts of his own filmmaking. Rounding out this volume are Tarkovsky's plans and notes for his stage version of Hamlet; a detailed proposal for a film adaptation of Dostoyevsky's *The Idiot*; and a glimpse of the more public Tarkovsky answering questions put to him by interviewers.

Socialism of Fools Michele Battini, 2016-04-05 In *Socialism of Fools*, Michele Battini focuses on the critical moment during the Enlightenment in which anti-Jewish stereotypes morphed into a sophisticated, modern social anti-Semitism. He recovers the potent anti-Jewish, anticapitalist propaganda that cemented the idea of a Jewish conspiracy in the European mind and connects it to the atrocities that characterized the Jewish experience in the nineteenth and twentieth centuries. Beginning in the eighteenth century, counter-Enlightenment intellectuals and intransigent Catholic writers singled out Jews for conspiring to exploit self-sustaining markets and the liberal state. These ideas spread among socialist and labor movements in the nineteenth century and intensified during the Long Depression of the 1870s. Anti-Jewish anticapitalism then migrated to the Habsburg Empire with the Christian Social Party; to Germany with the Anti-Semitic Leagues; to France with the nationalist movements; and to Italy, where Revolutionary Syndicalists made anti-Jewish anticapitalism the basis of an alliance with the nationalists. Exemplified best in the *Protocols of the Elders of Zion*, the infamous document that leaked Jewish plans to conquer the world, the Jewish-conspiracy myth inverts reality and creates a perverse relationship to historical and judicial truth. Isolating the intellectual roots of this phenomenon and its contemporary resonances, Battini shows us why, so many decades after the Holocaust, Jewish people continue to be a powerful political target.
